## CHERRY PECTORAL,

For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it the most sanguine expectation of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many in inferior remedies, thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on all which they can never forget, and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud upon the public to pretend that any one medicine will infallibly cure—still there are abundant proofs that the CHERRY PECTORAL does not only as a general thing, but almost invariably cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabins of the American Peasant, to the palaces of European Kings. Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, CHERRY PECTORAL is known as the best remedy extant for diseases of the Throat and Lungs, and in many foreign countries, it is becoming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, CHERRY PECTORAL is introduced, and in constant use in the Armies, Hospitals, Alms Houses, Public Institutions, and in domestic practice, as the surest remedy their a tendency physicians can employ for the more dangerous affections of the lungs. Also, in milder cases and for children it is safe, pleasant and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incidental to childhood.

The CHERRY PECTORAL is manufactured by a practical Chemist, and every ounce of it under his own eye, with variable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should command itself to their confidence—a remedy at once safe, speedy and effectual, which this has, by repeated and countless trials, proved to be; and trust you, our readers, will accept it as the best remedy for the cure of Consumption, Coughs, &c. &c. &c. &c. &c.

There are plain directions in English and German around each bottle.

**PRICE OF THE LINIMENT.** —In consequence of the increasing demand for this valuable Liniment, it is proposed putting up in addition to the usual box, a larger box containing 300 drams, and of a superior quality, and it will never fail to cure a person of his disease. The price will be twice that of the twenty-five cent size, and so proportionately increased.
